

Answer the complaint to Pilot#2 in Task#6

Dear Fabio,

The rules said:

**12.10 FREE MARKER DROP**

The marker must be completely unrolled when released. No mechanism may be used to propel the marker. The person releasing the marker must stand on the floor of the basket. Penalty for minor infringements with no competitive advantage: 50 task points. Otherwise 50 meters will be added to the competitors result in the least advantageous direction.

You span the marker because you wanted to drop it further. The marker was twisted when it landed as you can see on the photo.

You got an advantage with this throw. The penalty stands according to the rule shown above.
