

## Andrew Pestun

Welcome to our next speaker, Andrew Pestun! Andrew will co-present Working with Watch Me Fly and Related Technology and Technology to Help the Organizer and Event Officials. These presentations will provide information on theodolites, old and new, Starlink, [Watchmefly.net](https://watchmefly.net), Google Earth, mass notification systems, weather history analysis, and more. Andrew was born into competitive ballooning and has been involved for as long as he can remember. Since then, he has crewed at events in several states, including national championships. In 2022, Andrew was a measuring team member at the U.S. National Championship in Scottsbluff, Nebraska, and most recently served as the Chief of Measuring Teams at the U.S. Women's National Championship in Jackson, Michigan.
